

AmeriHealth Caritas Ohio Vision Benefits

At AmeriHealth Caritas Ohio, we know how important vision health is to overall health and well-being, and we want to make sure our members' vision care needs are being met.

We have contracted with two optical laboratories to provide your patients (our members) with glasses: Classic Optical Laboratories, Inc. and Robertson Optical Laboratories. This allows us to provide a broader network of providers, to make it easier to find providers across the state. Additionally, providers now have the option of using their own vision hardware providers by amending their contract to be able to bill AmeriHealth Caritas Ohio directly for frames and lenses. If you are interested in updating your contract, please email our Contracting department at providerrecruitmentoh@amerihealthcaritas.com.

Vision providers will receive an AmeriHealth Caritas Ohio frame kit from Robertson Optical and Classic Optical with a variety of styles from which members may choose. Providers will submit claims for the exam and glasses fitting only, unless contracted to bill for frames and lenses as well.

Eligible members	Eye exam*	Frames/lenses (single and bifocal)	Fitting	Glaucoma screening	Contact lenses	Copay
Up to 21 years	1 every 12 months	1 pair every 12 months	1 per 12 months	NA	Prior authorization required	\$0
Ages 21 years to 64 years	1 every 24 months	1 pair every 24 months	1 per 24 months	NA	Prior authorization required	\$0
65 years and older	1 every 12 months	1 pair every 12 months	1 per 12 months	NA	Prior authorization required	\$0
Members with diabetes	2 every 12 months	1 frame and lenses every 24 months, adjustment to lenses as needed per year	1 per 24 months	1 per year	Prior authorization required	\$0

*Eye exams that are provided from a network vision provider will not require prior authorization; however, the network provider must confirm eligibility.
